JOHN B. STETSON.

Over 5,400 people are employed at the Stetson factory in Philadelphia where every part of the hat is made. Over 6,000 pounds of raw silk were converted into ribbons for hat banes and bindings last year. 357,000 sheepskins were made into sweat bands. \$80,000 pounds were cut from 11,000,000 skins which were imported direct. Even the paper hat boxes are made by STETSON-requiring over 303 tons of box board last year. STETSON works are happy workers—they like their work and take pride in the fact that STETSON Hats have won first prizes at very World's Fair where these world-lamous hats have been exhibited.
